School Report

To the Superintending School Committee:

I hereby submit the annual report of the common schools for the year ending February 20, 1918.

This has been a very successful year, we have been fortunate in securing the services of efficient teachers, they have been able through their own power to govern successfully and I think all are familiar with the results that have been obtained. If space would permit I should like to speak of each one, they have all worked faithfully for the interest of the pupils and nothing but praise can be said in their behalf.

REPAIRS

I believe that every child is entitled to school surroundings, which are clean, wholesome, safe and morally uplifting and no town has discharged its obligation to its children until all of the school buildings and surroundings meet these specifications. The most of our out-buildings are in very bad condition and something must be done to improve them, I would recommend that a sum be raised this year to build at least one new out-building.

Amount raised by town.....	\$1,200 00	
By school and mill fund.....	584 86	
By common school fund.....	494 09
